### **The Indiana Conference of The United Methodist Church**

#### **Declaration**

The Indiana Conference of The United Methodist Church declares itself to be a continuing entity of the larger Body of Christ within the denomination known as The United Methodist Church. As that declared body, we are defined and directed for purposes of organization and procedure by the 2012 edition of *The Book of Discipline of The United Methodist Church*. Our Organizational Structure, Standing Rules, and Rules of Order as defined and written in this document continue in force from year to year, from one session of the Annual Conference to the next, except as changed or amended from time to time as prescribed by *The Book of Discipline* and this document.

The Standing Rules and Rules of Order will be printed annually in the pre-Conference workbook and in the official *Journal of the Annual Conference Session*. Unless otherwise needed, the Structure Document will only be printed in the pre-Conference workbook and in the official *Journal of the Annual Conference Session* quadrennially in the year just prior to the Session of the General Conference of The United Methodist Church.

#### **Boundaries of the Indiana Conference of The United Methodist Church**

The Indiana Conference of The United Methodist Church includes the state of Indiana in its entirety. Ten Districts and their respective boundaries are determined and set by the Cabinet of the Indiana Conference of The United Methodist Church.

#### **The Structure of the Indiana Conference**

##### **Accomplishing the Conference Mission with Ministry Teams**

The mission of the Indiana Conference is to make disciples of Jesus Christ for the transformation of the world and to provide a connection for ministry beyond the local congregation. The Indiana Conference fulfills this mission in part by structuring itself into groups or teams to better focus our work. These groups or teams receive funding as necessary through the budget approved by the Annual Conference.

The numbers of persons listed below represent a minimum either required by *The Book of Discipline* or thought to be necessary to ensure that Disciplinary mandates and Conference priorities are accomplished.

Many of these groups have a seat at the **Conference Leadership Table**. The Conference Leadership Table brings together the leadership of the Annual Conference on a regular basis to “focus and guide the mission and ministry” of the Indiana Conference (§608).

An attendance policy for members of boards, agencies and teams is included as an addendum to this document.

### **Attendance Policy Addendum (May 2013)**

An attendance policy is intended to support the full contribution of all members of boards, agencies or ministry teams.

Many boards, agencies or teams have reduced meeting frequency, especially face to face meetings. Given this, it is vitally important for members to make every attempt to be present when meetings do occur. Full participation by all members ensures the full expertise of each is reflected and the decisions made are informed by the best expertise available.

Our attendance policy is as follows.

1. All members of boards, agencies or ministry teams are expected to be present at all meetings.
2. Two consecutive absences by any member without notifying the convener shall be considered an automatic resignation.
3. Three consecutive absences by any member with notification of the convener shall be considered an automatic resignation.

The process to support this policy is as follows:

1. After a first absence by a member without notification or the second absence with notification, the convener of the board, agency or ministry team shall contact the absent member to discern whether the reasons for absence may be resolved and to remind the absent member that the next such absence will trigger an automatic resignation.

If the absentee member is a member “by virtue of office,” the leadership of the body the member represents shall also be notified of the lack of attendance and of efforts made to resolve the situation.

2. If resolution cannot be reached and subsequent absences occur, the absentee member shall receive notice of removal and the Nominating Committee shall be notified to fill the vacancy at the next Annual Conference.

If the absentee member so removed is a member “by virtue of office,” the sending organization will be also notified of the action to remove the absentee member.

3. In all cases of vacancy created by absenteeism, the board, agency or ministry team may select a replacement to serve *ad interim* until the end of the current year. *Ad interim* service does not count toward total eligible years of service in a particular role or office.

Vacancies created by persons serving in a “by virtue of office” role may be selected by the “sending organization.”

### **Our Annual Gathering**

The Indiana Conference gathers as a representative body to address the mission and business of the Conference once each year and may be called into session more frequently as the bishop deems necessary.

#### **The Annual Conference Sessions Committee**

The Annual Conference Sessions Committee ensures that we are prepared for our work and are fulfilling our Disciplinary obligations as we conduct our work before and during each annual gathering and special called session of the Indiana Conference. They do this by:

#### **Oversight**

After the bishop has set the dates and times for the Annual Conference, the Sessions Committee assumes oversight for the site, meeting rooms, lodging, food service, communications, and other equipment and services needed are properly obtained and executed.

#### **Assembling and Publishing Pre-Gathering Reports**

The Annual Conference Sessions Committee calls for, collects, and distributes to all Conference members the reports of the mission groups, boards, and work areas of the Annual Conference. Members will receive the first of these reports no later than 30 days before the start of that year’s Annual Conference. The report will include the latest version of the projected agenda, the current Rules and Structure document of the Annual Conference, and information needed to register and reserve lodging for the upcoming Annual Conference.

#### **Creating the Agenda**

The Annual Conference Sessions Committee creates a preliminary agenda for the upcoming session of the Annual Conference and includes it in the pre-Conference report. The Annual Conference Sessions Committee will regularly update the agenda, both before and during the Annual Conference, and supply all Conference members with updated agendas as needed.

#### **Managing Registration**

The Conference Secretary supervises registration.

#### **Managing the Legislative and Referrals Process**

At Annual Conference and special called sessions, members of the Conference consider several types of legislation. Among them are those that have *fiscal implications*, those that have *no fiscal implications*, and those that *ask for specific actions* of specific groups or that *refer items* to other groups, teams or boards for comment prior to consideration by the members of the conference. (In addition, Conference members consider petitions to General Conference. Management of those petitions is explained in detail in the section titled: ‘General and Jurisdictional Conference Procedures.’)

In order to manage these various types of legislation, the Annual Conference Sessions Committee will do the following:

1. Create a list of items that have *fiscal implications*, and refer these items to the Committee on Finance and Administration prior to action
2. Create a consent calendar that includes those items that have *no fiscal implications* and that do not need to be referred to any teams or boards for discussion
3. *Refer* all petitions and items that need further discussion, or that *ask for specific actions* from conference teams, boards, or committees to those groups for comment prior to consideration by the members of conference.

### **Nominating Committee**

The Annual Conference's Nominating Committee develops a process that encourages persons, both lay and clergy, to make available to the Conference their gifts and skills for groups and committees at a Conference level. The Nominating Committee prepares and presents to the Annual Conference Session a leadership list for all the appropriate groups as directed by *The Book of Discipline*. It also works with affiliated groups to receive nominations that require Annual Conference confirmation.

The report from the Nominating Committee is presented in written form at the first business session of the Conference and will be voted on at a time recommended by the Director of Connectional Ministries later in the Conference, allowing members time to review the report prior to consideration and action.

The Nominating Committee works to have all committees and groups reflect the demographics of the state, with special attention given to gender, ethnicity, age and geographic considerations, and a balance of lay and clergy representation (§640.5).

The Nominating Committee also ensures broad participation on Conference groups by limiting individual membership to only one significant Conference committee unless specified by *The Book of Discipline*. A person generally will not be elected as a member on a Conference committee and have ex-officio membership status on another unless it is directed by *The Book of Discipline*.

To enable full participation, Conference committees should schedule meetings with careful consideration of the availability of the membership to be in attendance and with attention given to locations within the shortest distance for most attendees. Groups should explore alternative meeting formats whenever possible to limit expense and travel for Conference meetings.

The Nominating Committee also is responsible for:

1. filling vacancies between sessions of Annual Conference;
2. naming membership to new groups formed by Annual Conference action (unless that task is specifically assigned to another group or to the bishop);
3. reviewing the participation of elected members and replacing inactive members as needed and recommended by the chairperson of the affected committee.

Persons elected or appointed to an office by the Annual Conference will assume their duties immediately following the Conference (or at the time of their appointment if after a regular session of the Conference). The tenure for leadership and committee membership is normally four years and not more than eight years unless directed otherwise by *The Book of Discipline*. A person can return to a committee after having served a maximum term if that person is off the committee for one year.

### **Eligibility to Vote**

The following are eligible to vote:

Exception to this rule may be granted to persons under 30 years of age.

### **Not All Members May Vote On All Matters**

1. Only clergy members in full connection may vote on matters of ordination, character, and Conference relations of clergy, unless otherwise noted.

Lay members may *not* vote on granting or validation of license, ordination, reception into full Conference relationship, *or* on any question concerning the character and official conduct of ordained ministers *unless* they are lay members of the Board of Ordained Ministry or the Committee on Investigation.

### **Granting Voice Without Vote**

The following may be given voice without vote during sessions of the Annual Conference by invitation of the bishop or action of the Annual Conference:

1. Official representatives from other denominations invited by the Annual Conference
2. Missionaries assigned by the General Board of Global Ministries and serving within the bounds of the Annual Conference
3. Lay missionaries appointed by the General Board of Global Ministries in nations other than the United States but attending this Annual Conference
4. Certified lay missionaries from nations other than the United States serving within the bounds of this Annual Conference
5. The chancellor of the Annual Conference unless the chancellor is otherwise a voting member of the Annual Conference
6. Special guests of the Annual Conference

### **Equalizing Vote of Lay and Clergy Membership**

The process by which the Indiana Conference will equalize lay and clergy membership of the Annual Conference follows:

1. Every charge elects one lay member and an alternate lay member for each clergy member appointed to that charge (including Deacons in Full Connection in secondary appointments) during the first charge Conference following the General Conference in each quadrennium. The alternate lay member has neither voice nor vote unless the lay member is unable to serve. Results of these elections and the number elected must be reported to the Director of Connectional Ministries by February 1, prior to the regular Annual Conference session.
2. Additionally, district lay leaders, directors of lay servant ministries, district presidents of United Methodist Women district presidents of United Methodist Men, and district presidents of United Methodist Youth are eligible to serve as equalization members. Each district center must forward a complete list of the names of these persons not already elected by their charge or the district to the Director of Connectional Ministries by February 1, prior to the regular Annual Conference session.
3. Laypersons who served as General or Jurisdictional Conference delegates during the previous quadrennium or who have served on the boards of General Agencies of The United Methodist Church during the previous or current year, but otherwise are not elected to serve, are expected to serve as equalization members. Such persons should notify the Director of Connectional Ministries if they are not willing to serve by February 1, prior to the regular Annual Conference session.

The Director of Connectional Ministries adds these names (1 through 3 above) until the number of lay and clergy members is equalized for the coming session. As additional laypersons are needed, the Director of Connectional Ministries notifies the District Superintendent of each district of the number of additional persons needed from each district equally (rounding up to the next ten) to equalize lay and clergy membership, seeking in all selections to establish and maintain gender, race, age, and disabilities, in accordance with the Call to Equality of The United Methodist Church (§139).

### **Membership at Special Sessions**

The same lay members who served at the previous Annual Conference will serve at the special session, except in cases of the death, serious illness, or cessation of professing membership by those laypersons. In those instances, the charge affected shall elect the new lay member.

## **The Voting Process at the Annual Gathering**

### **Bar of the Conference**

The Annual Conference Secretary establishes the Bar of the Conference and ensures it is clearly marked in the auditorium.

1. To vote, a member must be seated within the Bar of the Conference.
2. To be recognized by the presiding officer to address the Conference, a member must be seated within the Bar of the Conference.
3. When not voting by ballot, members vote by displaying large, brightly colored cards provided by the Conference.
4. Any member may request a *counted vote* that will be granted if at least one-third of the members present and voting agree.
5. Any member may request a *vote by ballot* that will be granted if a simple majority of the members present and voting agree.

### **Distribution of Materials**

No person or group shall print or distribute material by any means within the bar of the Annual Conference without the approval of the Sessions Committee.

### **Collecting and Counting Ballots**

Prior to the first session of the Indiana Conference, the Sessions Committee establishes a procedure for collecting any ballots, tabulating the vote, and reporting the results of such balloting as quickly, fairly, and accurately as possible to the Annual Conference.

### **Parliamentary Procedures**

Sessions of the Annual Conference will be conducted by the Rules of Order of the preceding General Conference and, as applicable, *Robert's Rules of Order*.

1. All main motions, amendments, and procedural motions must be presented in writing upon forms provided by the Secretary, signed by the person submitting the motion, and placed in the hands of the Conference Secretary immediately after being moved.
2. The Rules of Order may be suspended by a two-thirds vote of the members present.
3. Any proposed amendment to Rules and Structure must first be considered and reported on by the Committee on Rules and Structure prior to a vote.
4. All material in the published reports of any agency to the Annual Conference will be considered the property of the Conference and may not be altered or withdrawn without approval of the Conference.

### **Reporting of All Proceedings**

Environmental responsibility prompts the Annual Conference to be responsible in how it reports its work. Helpful accountability requires transparency with all publicly available information, and requires that it be available in the most useful format.

The Conference Secretary will direct the editing and distribution of pre-Conference reports (gathered by the Annual Conference Sessions Committee) to all members of the Annual Conference. These materials are considered to be properly before the Conference when it assembles. It is not necessary for presenters to read these reports aloud or otherwise present them in detail, other than to note any significant changes that may have occurred between the time of their publication and the current session of the Annual Conference. Once adopted, these materials (along with additional materials that may be distributed no later than the beginning of each plenary session) become the official business and agenda of the Annual Conference. Any matters having financial implications must be approved by a specific vote of the Annual Conference following the procedures established by the Council on Finance and Administration.

All plenary sessions of the Annual Conference are recorded on audio and/or video devices for the use of the Conference Secretary to provide an accurate accounting of the proceedings. These recordings are maintained in the Conference office for a period of at least four years, after which they may be disposed of in a secure and environmentally responsible manner. The official record is printed and preserved at the archives.

Environmental responsibility assumes the reduction of paper and non-recyclable media records. Therefore, complete hardcopy versions of the materials required by *The Book of Discipline* (§606.3) will only be provided to those persons and agencies that require the full contents in print, including the United Methodist Archives at DePauw University and Drew University. An electronic version of the *Journal of the Conference* will be provided on-line as soon after conference as possible. To reduce the incidence of inappropriate use of member personal information (“spam”), access to Internet posting of phone, address, and email addresses will be limited to registered members of the Annual Conference and others authorized by *The Book of Discipline* to access this material.

All versions of the *Journal* are compiled and checked for accuracy under the direction of the Conference Secretary. At the first plenary session of the Annual Conference or special session, the Conference may nominate and elect persons to act as assistant secretaries for the duration of that Annual Conference.

## GENERAL AND JURISDICTIONAL CONFERENCE PROCEDURES

### Eligibility for Election

**Lay delegates** to the General and Jurisdictional Conferences shall be elected by the lay members of the Annual Conference without regard to age, provided such delegates shall have been professing members of The United Methodist Church for at least two years preceding their election and shall have been active participants in The United Methodist Church for at least four years preceding their election, and are members thereof within the Annual Conference electing them at the time of holding the General and Jurisdictional Conference (§36). Lay delegates need not be voting members of the Annual Conference to be elected.

**Ordained delegates** to the General and Jurisdictional Conferences shall be elected from the ordained ministerial members in full connection with the Annual Conference (§35). They shall be elected by ordained ministerial members in full connection, associate members, provisional members who have completed all of their educational requirements, and local pastors who have completed the course of study or an MDiv degree and have served a minimum of two consecutive years under appointment immediately preceding the election.

**Managing the Election** – The Annual Conference Sessions Committee shall provide general oversight of the election process. In addition, the committee shall provide a *Willingness to Serve* form that shall include pertinent biographical information, recent photo, reasons for wanting to be a delegate, and a statement of three areas crucial to the United Methodist Church's mission, and three issues emerging from those areas.

**Commitment of a Delegate** – Election to General and/or Jurisdictional Conference conveys the trust and respect of peers within the Annual Conference. Those offering themselves for election need to make the following commitments: 1) attend their respective conferences on a full-time basis (10 to 12 days for General and 3 days for Jurisdictional); 2) participate in all scheduled meetings of the delegation – prior to, during, and after the conferences; 3) demonstrate familiarity with the ways in which the General and Jurisdictional Conferences function; 4) study proposed legislation in a thorough going manner; 5) accept responsibility for expenses beyond the per diem; 6) exemplify a visionary outlook, a team spirit, and a disposition to conferencing; and 7) adhere to the qualities set forth in the “Guidelines for Christian Conferencing” (adopted by the Annual Conference) throughout the entire time they are delegates.

**Procedure for Endorsement of Delegates** – In order to involve leadership from many parts of the conference, the election of delegates to General and Jurisdictional Conferences shall begin in local congregations, continue in districts, and conclude at Annual Conference.

Each local congregation may submit the name of a potential lay delegate to their district lay leader by a specified date, together with a *Willingness to Serve* form. The district lay leader shall bring all such names to the Fall District Conference meeting preceding the Annual Conference in which delegates shall be elected. At that meeting, three laypersons from the district may be endorsed (by a ballot overseen by the district superintendent). The district superintendent shall forward the names of these individuals (and their *Willingness to Serve* forms) to the chair of the Election Committee.

Potential clergy delegates may submit their names to their district superintendent by a specified date, together with a *Willingness to Serve* form. At the same meeting of the Fall District Conference, three clergy from the district may be endorsed (by a ballot overseen by the district lay leader). The district lay leader shall forward the names of these individuals (and their *Willingness to Serve* forms) to the chair of the Election Committee.

The chair of the Election Committee shall forward the results of the district endorsements to the convener of the Leadership Table by January 15 of the year when elections shall be held. In order to monitor diversity, the Leadership Table shall review the results and shall have the opportunity to add up to ten additional individuals (five lay and five clergy) by February 15 to the list of endorsed delegates. The list of these additional delegates shall then be submitted to the Election Committee.

The finalized list of endorsed delegates – those coming from the districts and those added by the Leadership Table – shall be communicated in one alphabetized list to all members of the Annual Conference by April 1, with a notation that any additional individuals who are qualified and who have completed the *Willingness to Serve* form may add their names to the list of those who have been endorsed. Included with that announcement shall be copies of all completed *Willingness to Serve* forms that have been received by the Sessions Committee by March 15.

**Procedure for Election** - Lay and clergy delegates shall be elected at the Annual Conference in the calendar year preceding the General and Jurisdictional Conferences and shall serve for the quadrennium. The General Conference secretary shall provide the number of those to be elected (lay and clergy) to the bishop and Annual Conference secretary no later than December 2 prior to election. Persons elected to Jurisdictional Conference shall, in the order of election, be reserve delegates to General Conference.

The Sessions Committee shall provide opportunity, prior to the first ballot, for members of the Annual Conference to meet and talk with persons seeking election.

The Annual Conference secretary shall call attention to the “Guidelines for Christian Conferencing” at the beginning of

the election process, and shall arrange for a head teller and a sufficient number of tellers in each order to support the election process. Ballots counted at the close of any session shall be sealed and the results not known until reported at the next session.

Voting shall be on official ballots, with the number of names voted for each ballot being exactly the number announced by the bishop. If write-in ballots are permitted, only the names of those spelled correctly will be counted, and only those who receive 12 or more votes will be announced. A majority of valid ballots cast shall constitute an election. Balloting shall continue until the allotted number of delegates for General Conference is elected. Following their completion, balloting shall begin for Jurisdictional Conference delegates and shall continue until those delegates have been elected. When all delegates have been elected, an additional ballot shall be taken in each order, with those receiving the three highest votes constituting the additional reserve delegates. These reserve delegates may act as reserve delegates to General Conference when it is evident that not enough of the previously elected reserve delegates are in attendance at General Conference (§34).

**Leadership of Conference Delegation** - After delegates have been elected, the bishop shall invite all elected delegates to an organizational meeting, and shall preside until leaders of the delegation have been elected. The following actions shall be included: 1) declaration by each delegate to follow the “Commitment of a Delegate” (as adopted by the Indiana Conference) throughout the entire time they are serving as delegates; 2) determination of leaders that need to be elected (i.e., chairperson, vice-chairperson, secretary, and treasurer), with particular attention given to the qualities needed for effective work to be accomplished—prior to the conferences, at the conferences, and subsequent to the conferences; 3) following a time of prayer, nomination of persons for offices, followed by interactive discussion, and casting of ballots (with the bishop and two alternate delegates counting ballots); and 4) continuation of the meeting led by the individual elected as chairperson.

### **General and Jurisdictional Conference Petitions**

Petitions for General and Jurisdictional Conference provide all members of United Methodist Churches, as well as organizations within the Indiana Conference, the opportunity to engage the members of the Annual Conference and the larger church. These petitions must be submitted to the Annual Conference Secretary no later than 90 days prior to the Annual Conference session.

In order to be forwarded to General or Jurisdictional Conference, each petition must deal with only one issue or Disciplinary paragraph, and must be signed by the submitter with appropriate identification, including address and local church affiliation. If it is from an organization, the identification must be that of a responsible individual within the submitting organization and include address information for that individual.

Petitions, as submitted, become the property of the Annual Conference, and as such, may be amended by action of the Annual Conference. Petitions affirmed by the Annual Conference will be forwarded to the appropriate entity. Petitions submitted to General Conference must follow guidelines provided by the General Conference Secretary.
