

## CAMPUS HOUSING

Ball State University offers dorm housing that is centrally located and a short walk to Emens Auditorium where the plenary and worship sessions will be held during our June Annual Conference Session. For those wanting an affordable place to stay, on-campus housing is a good option. Keep in mind that a dorm sleeping room doesn't offer hotel-like amenities although each building is air-conditioned with elevators, lounge areas and a rec room. The halls are co-ed and have semi-private bathrooms (a bathroom shared by a small number of persons.) Reserve campus housing when you register for the Annual Conference Session. <https://www.inumc.org/annual-conference/>.
