

LOVE YOUR NEIGHBOR

Loving God and loving our neighbor should be the foundation of all we do and how we live. God transformed your life. Let God's love transform the lives of others through you. The Love Your Neighbor Toolkit contains resources to help you and your church learn and put into practice the art of simply loving your neighbors. In the kit you'll find marketing materials, a serve day planning guide, sermon outlines and powerpoint, resources for kids, a mission partners vetting checklist, and more. Some materials are available here for a limited time. For a full kit, contact your Mission + Justice team by clicking [here](#).
