

Parker City United Methodist Church

Address: 305 South Main Street, Parker City, IN 47368

Parker City UMC exists to reach out to all people with love and compassion. We offer a blended worship service with a praise band, yet also treasure our hymns and choir. We strive to be God's helping hands on a journey of love. Our core values are lived out through:

- our caring ministries at the local nursing home and our community food pantry;
- relational ministry with youth and young adults;
- online worship in real time on Facebook.
