

# INDIANA UNIVERSITY HEALTH GRANT

Applications open March 4. Due April 10.

## Social Determinants of Health

“Social determinants of health (SDOH) are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks... SDOH have a major impact on people’s health, well-being, and quality of life.”

Examples of SDOH include:

- Safe housing, transportation, and neighborhoods
- Racism, discrimination, and violence
- Education, job opportunities, and income
- Access to nutritious foods and physical activity opportunities
- Polluted air and water
- Language and literacy skills
- Stigmas including mental health, HIV, and addiction stigmas
- Access to insurance and health related services

**\*SDOH can be grouped into 5 domains:**

- **Economic Stability**
- **Education Access and Quality**
- **Health Care Access and Quality**
- **Neighborhood and Physical Environment**
- **Social and Community Context**
